[Nonresponsive based on revised scope]

Attached are those two pdfs you requested for the Blades site.  
They are both updated with the most recent excel table you provided this week.  
The results figure has the PFOA/PFOS labeled per location.  
Take a look, and let me know if any changes are required.

Thanks

Hey Guys,

Just checking the status of the map. Is it possible to get a draft today?

Thanks,
